

**JAMES MADISON UNIVERSITY HEALTH CENTER**  
Tuberculosis Risk Assessment Documentation

*The United States Public Health Services and the Centers for Disease Control and Prevention recommend that tuberculosis skin testing be performed on all individuals who may be at increased risk of tuberculosis as a result of a medical condition or previous residence in a country with an increased prevalence of tuberculosis.*

The following student has been screened for the risk of tuberculosis.

Based on the results of this self-assessment,

**A tuberculosis skin test is NOT indicated at this time.**

Student Name: Cassandra J. Harvey

Assessment Date: 03/19/10

Assessment By: Kathy Mitten, RN

(3/19/2010)
